

We are serving dinner on our front patio where guests will have the opportunity to dine with us again in an open-air option!

Reservations are recommended as seating is limited. To comply the public health regulations, we ask that experiences are limited to 1.5 hours.

Please help us note a few current regulations:

Face coverings are required to enter - all members of the party must be present before seating and hosts must bring entire party to the table at one time. If we are not ready to seat you, we may ask you to wait in your car to avoid gathering near the restaurant. Thank you for helping us provide a comfortable experience for all.

To facilitate your overall experience, you can self-park your car with an active presence on site to control the lot and direct traffic correctly. Once you park, you can lock your car and take the keys with you without further interaction. We are thrilled to offer this option to provide an easy and cost-effective solution to visit us.

Notice to Guests of increased protocols for safety and sanitation. We have implemented the following:

- Temperature checks upon entry for employees and delivery personnel.
- Employees will be wearing cloth face coverings.
- Single-use, disposable menus will be provided, and discarded after each guest.
- Routine bathroom checks for hand soap, paper towels, seat covers, and sanitization.
- Employees will be washing hands as much as possible in addition to established Health Department requirements.
- Routine sanitization of highly used surfaces by hand.
- Individually wrapped straws will be available.
- Disposable wrapped utensils, cups, and napkins will be available.
- Increased sanitization of kitchen cooking utensils and stations.
- Uncooked food will be handled with utensils or gloved hands.
